60th anniversary

The ARRL Letter Vol. 23, No. 50 Dec. 24, 2004

CQ to celebrate 60th anniversary with "CQ Gang" on-air event: CQ Amateur Radio magazine invites Amateur Radio operators around the world to join in celebrating its 60th anniversary by taking part in an on-air event during the first 60 days of 2005. CQ's first issue was published in January, 1945. During the "CQ Gang" activity--January 1 until March 1, 2005--all hams ever associated with CQ as staff members, contributing editors or authors--as well as current subscribers to CQ, CQ VHF and Popular Communications may sign "/60" after their call signs. Certificates will be issued for contacts with enough /60 stations to garner a minimum of 60 contact points, based on number of contacts times the number of different position multipliers (eg, editor, columnist etc) worked. Shortwave listeners also are eligible to earn contact points and certificates. Endorsements will be issued up to 600 points. CQ club station WW2CQ will be active from various parts of the US during the event. Separate certificates will be available for working WW2CQ in all call sign districts from which it is active. Complete rules for the CQ Gang 60th Anniversary activity appear in the December 2004 issue of CQ and on the CQ Web site <<http://www.cq-amateur-radio.com/CQ60 Award Dec04.pdf>>.

On 146.94 MHz Repeater from 6:30-8:00 AM Jock, KB2GOM runs a 2-meter Commuter Net.

During severe inclement weather, June, KB2JTG runs a 2-meter Commuter Net from 4:00-6:00 PM

Handheld vs. cell phone

The ARRL Letter Vol. 23, No. 50 Dec. 24, 2004

Handheld outplays cell phone in accident's wake: When Storey County, Nevada, Emergency Coordinator Randy Davenport, KA4NMA, got into an automobile accident early on December 10, he sure was glad to have his 2-meter handheld transceiver along. "I was going down a side road and hit a sheet of ice," he reports. "I fishtailed into the other lane and nearly hit a car head on! But for some reason, my Ford Explorer turned sideways going down the road, and it did not roll over." Instead, he ended up sliding off the roadway into a creek, sustaining some injuries in the process. "I had no cell phone service, so I grabbed my HT and put out a call on 146.61," he said (the antenna for his 2-meter mobile was broken in the accident). Richard Foreman, KK7SL, an ARES Assistant Emergency Coordinator in Carson City, heard his distress call and dialed 911. "The fire and sheriff department was on the scene within minutes," Davenport said. "Lesson learned: Cell phones do not work everywhere. Always carry a 2-meter radio (or other band) of some sort--handheld with charged battery or mobile--for emergency communication."
